

Del Ray

The following list summarizes what the new bus network will look like for Del Ray:

- [Line 33](#). This route will be direct replacement for the existing DASH AT-10 route. It will operate along the same alignment between King Street Metro and Potomac Yard via Del Ray with similar service levels and hours of operation. Line 33 will also provide a direct bus connection to the Potomac Yard Metro station in 2022.
- **Metrobus 10A/B**. Metrobus will continue to operate the 10A and 10B routes along Mount Vernon Avenue, however, the Metrobus 10E route will not resume service along Monroe Street and Powhatan Street under the current FY 2022 proposal.
