

Duke Street (West of Old Town)

The following list summarizes what the new bus network will look like for Duke Street (West of Old Town):

- **[Line 30](#)**. The existing DASH AT8 route will become known as “Line 30” with identical service levels and hours of operation. DASH is proposing major service improvements on this corridor for FY 2023 and FY 2024, but current service is maintained for FY 2022.
- **Metrobus 28A**. WMATA is proposing to realign the 28A route between Alexandria Hospital and King Street Metro to travel via Duke Street instead of King Street for operational efficiency and provide all-day bus service to the Foxchase community. This route will serve Duke Street from Foxchase to the King Street Metro, and will run every 20 minutes, all day, seven days per week. It will also provide a new direct bus connection from Foxchase to Mark Center, Baileys Crossroads and the Route 7 corridor.
