# Alexandria Transit Company (ATC) BOARD OF DIRECTORS MEETING MINUTES May 8, 2024

A meeting of the Board of Directors of the Alexandria Transit Company was held at 5:30 pm on Wednesday, May 8, 2024, at the City Hall Council Workroom and was also available electronically. A recording of the meeting was made and is available upon request.

Board members present: David Kaplan, Matt Harris, Ajashu Thomas, Kendell Taylor, Arthur Wicks, Kursten Phelps, Praveen Kathpal, Arish Gajjar

Board members attending remotely: Jesse O'Connell

Board members absent: Steve Klejst, Hillary Orr

Staff members present: Josh Baker, Raymond Mui, Martin Barna, Beth Reveles, Edward Ryder, Joseph Quansah,

Camila Olivares, Brent Reutter, Kato Carter, Ryan Visci

Other attendees: Jordan Exantus, Chris Ziemann

### Board Meeting Agenda Item #1

#### #1 - Call to Order, Welcome and Public Comment

Chair David Kaplan welcomed everyone and called the meeting to order at 5:35 pm. A quorum was reached at that time. Praveen Kathpal arrived at 5:38 pm.

Following roll call, the DASH 40<sup>th</sup> Anniversary video was played for the group.

Chair Kaplan opened the meeting to public comment. As there were no speakers, the Chair closed public comment.

#### Agenda Item #2 - Consideration of Approval of Meeting Minutes

#### #2a - ATC Board of Directors Meeting - April 10, 2024

The Chair called for a motion to approve the April meeting minutes and asked if there were any corrections, revisions, or amendments. A motion was made by Matt Harris and seconded by Arthur Wicks to approve the minutes. There was no further discussion, and the motion carried. Ajashu Thomas abstained.

#### Agenda Item #3 – Board Member Announcements, Reports & Business Items

#### #3a - Chair's Report

#### **May Meeting Icebreaker**

Chair Kaplan reviewed the results of the WMATA 2023 Metro reports which were submitted by several Board members and DASH senior staff. Brent Reutter was declared the winner as only 1% of Metro riders travel on Metro more than he.

#### King-Bradlee Letter of Support for the Traffic and Parking Board

T&ES Transportation Division Chief Chris Ziemann reviewed the King-Bradlee project.

Chair Kaplan called for a motion to adopt the letter of support. A motion was made by Arish Gajjar and seconded by Matt Harris. There was no further discussion, and the motion carried. Kursten Phelps and Arthur Wicks abstained.

#### **NVTA FY24-29 Six Year Program Public Comment Letter**

Chair Kaplan called for a motion to adopt the letter. A motion was made by Matt Harris and seconded by Kursten Phelps. There was no further discussion, and the motion carried. Arthur Wicks abstained.

#### #3b - T&ES Report

Mr. Ziemann provided a review of the written report which was shared with the Board in advance of the meeting.

#### #3c - Slate of Officers

Matt Harris introduced the Slate of Officers. Mr. Harris called for a motion to approve the Slate of Officers. A motion was made by Kursten Phelps and seconded by Praveen Kathpal. There was no further discussion, and the motion carried unanimously.

#### #3d - Others

The Chair asked if there were any other announcements from the Board. Hearing none, he moved on to the General Manager's report.

#### Agenda Item #4 – General Manager's Report

#### #4a - Ridership Update

General Manager Josh Baker reviewed the ridership update which was shared with the Board in advance of the meeting.

#### #4b - Transit Management Services Update

Mr. Baker reviewed the update which was provided to the Board in advance of the meeting.

Chair Kaplan called for a motion to allow the general manager to enter into contract negotiations with TransDev. A motion was made by Arish Gajjar and seconded by Praveen Kathpal. There was no further discussion, and the motion carried unanimously.

#### #4c - General Manager's FY 2025 Revised Budget

General Manager Josh Baker reviewed his proposed budget which was shared with the Board in advance of the meeting. The budget will be adopted at the June 2024 Board meeting.

#### Agenda Item #5 – Financial Reports

#5a - Financial Report

#5b - Balance Sheet

**#5c – Summary Income Statement** 

#### #5d - Budget vs. Actual

#### #5e – Budget Forecast

Mr. Baker provided a brief review of Director for Finance & Administration Edward Ryder's reports which were shared with the Board in advance of the meeting.

#### Agenda Item #6 - Planning Reports

#### #6a -Annual Free Fares Report

Director of Planning & Scheduling Martin Barna reviewed his report which was shared with the Board in advance of the meeting.

#### Agenda Item #7-Executive Session

Consideration of Convening an Executive Session for the Purpose of Discussing Legal and Personnel Matters, pursuant to Section 2.2-3711 (A1) of the Code of Virginia.

A motion was offered by Kursten Phelps and seconded by Arthur Wicks to enter Executive Session pursuant to Section 2.2-3711 (A1) of the Code of Virginia. A vote was called, and the motion was approved unanimously.

At the conclusion of the Executive Session, a motion was offered by Arish Gajjar and seconded by Matt Harris to reconvene the public meeting. A vote was called, and the motion was approved unanimously.

A motion was offered by Arish Gajjar and seconded by Arthur Wicks to certify what was discussed during the Executive Session was pursuant to Section 2.2-3711 (A1) of the Code of Virginia. A vote was called, and the motion was approved unanimously.

#### Agenda Item #8-Next Meeting Date & Adjournment

A final motion to adjourn the meeting was made by Matt Harris and seconded by Ajashu Thomas. A vote was called, and the motion was approved unanimously.

The next regular meeting of the Alexandria Transit Company Board of Directors is scheduled for June 12, 2024, at 5:30 pm at City Hall and via Zoom/Facebook Live.

Minutes respectfully submitted by:

Beth Reveles

Secretary to the Board

Alexandria Transit Company

Item #: 3b

**Item Title:** T&ES Report

**Contact:** Hillary Orr, Deputy Director, Transportation

**Board Action:** FY1

#### **WMATA Budget**

The WMATA Board of Directors adopted its Fiscal Year 2025 and Fiscal Years 2025-2030 Capital Improvements Plan on Thursday, April 25. The approved FY25 operating budget keeps Metrobus and Metrorail at current service levels, though the use of six-car trains (versus eight car trains) is intended to increase on weekends and off-peak hours to better serve rider demand throughout the system, and fares will increase across the board by 12.5%.

On Monday, May 13 the Virginia General Assembly passed the State budget, which includes \$60M in FY 2025 and \$80M in FY 2026 in additional state aid for WMATA, along with a two-year suspension of the "3% cap" (the requirement that limits Virginia operating assistance to WMATA to no more than 3% over the prior year's approved budget). State aid will require a 50/50 match from the local jurisdictions. Alexandria is on the hook for \$65M in subsidy to WMATA for FY 2025, which includes \$55.6M in base subsidy and debt service, along with \$9.45M to cover the WMATA operating deficit. State aid will provide an additional \$9.45M in funds to close the operating deficit for the City in FY 2025.

#### **King-Bradlee Safety & Mobility Enhancements**

On Thursday, May 16, Staff hosted a virtual community meeting to present the City's preferred design concept for the King Street-Bradlee Safety & Mobility Enhancements Project, identifying Alternative 2: One-Way Traffic & Bus Lane as the preferred design. This concept converts a portion of the access road, between S Taylor Street and Menokin Drive, to one-way traffic with a dedicated bus lane, along with strategic safety and mobility improvements in the entire study area. Alternative 2 was identified as the preferred option as it scored best under the metrics of minimizing traffic delays, safety for all roadway users, improvements to transit operations and improvements for bicycle facilities.

This recommendation follows months of planning, community engagement, analysis, and conceptual design. The project goals were to improve mobility, safety, and access for all roadway users, install safer pedestrian and bicycle facilities, improve stormwater, and maintain or enhance transit facilities. Staff will present the recommendations to the Traffic & Parking Board for consideration at its June 24 Public Hearing. More information is available on the project webpage.

#### **South Pickett Street Corridor Improvements**

In 2023, the City was awarded a technical assistance grant from the Metropolitan Washington Council of Governments to perform planning, analysis, community engagement, and conceptual design for South Pickett Street between Duke Street and Edsall Road. The goal of this project is to make it easier, safer, and more comfortable for people of all ages, abilities, and modes to travel on South Pickett Street. The DASH 32 line services this corridor every 30 minutes during peak hours.

This spring, following a period of information gathering and community outreach, the City released concept designs for the corridor, which include treatments such as:

- Reducing travel lanes to calm traffic
- Dedicated left turn lanes to reduce vehicle crashes
- Median islands to calm traffic and provide refuge for pedestrian crossings
- New crosswalks along the corridor
- Protected bicycle lanes to give people biking and scooting a dedicated place to ride, while providing a buffer for sidewalks
- Tactical bus boarding islands to reduce bus conflicts with the bike lane and make it easier for people to board and alight.
  - As the future recommended DASH network is implemented and these bus stops are removed, these boarding islands can be repurposed at other DASH bus stops elsewhere in the City

Reducing the speed limit from 35 MPH to 25 MPH to improve safety

These treatments will not only make it easier and safer for people to travel on South Pickett Street but will also enhance access to the future Duke Street Transitway. Following the second community outreach period, the City expects to make a formal recommendation to the Traffic & Parking Board this summer. Additional information is on the <u>project webpage</u>.

#### **Eisenhower Avenue Transportation Study**

In 2023, the City was awarded a VDOT Project Pipeline study to perform planning, analysis, community engagement, and conceptual design for Eisenhower Avenue between Van Dorn Street and Holland Lane. The goal of this project is to improve safety and access for all modes. In addition to being a critical point on the West End Transitway Corridor, DASH 30, 32 and 35 services the Eisenhower Avenue corridor.

This spring, following a period of information gathering and community outreach, the City released concept designs for the corridor, which include treatments such as:

- Improving the congestion at Van Dorn Street and Eisenhower Avenue
- Reducing travel lanes to calm traffic
- Providing new east-west cycle facility connections which can provide a buffer between the existing travel lanes and sidewalk
- Installing new pedestrian crossings at locations along the corridor, one of which is at Van Dorn Metro Station
- Tactical bus boarding islands to reduce bus conflicts with the bike lane and make it easier for people to board and alight
- Reducing the speed limit from 35 MPH to 25 MPH to improve safety

The City expects to make a formal recommendation to the Traffic & Parking Board this summer. Additional information is on the project webpage.

#### **Duke Street Transitway**

On May 20, the Traffic and Parking Board held a public hearing for the Duke Street at West Taylor Run project, which included recommendations that align with the Duke Street Transitway. While staff recommended that the service road remain two-way, in line with community feedback, the Board endorsed Option 2, which is a one-way westbound street with a separated bike path, for the service road between Moncure Drive and West Taylor Run Parkway. On June 24, staff will make a recommendation for the Cambridge Road intersection and service road between West Taylor Run Parkway and Cambridge Road. The updated recommendations for this corridor will also include changes at Quaker Lane and Duke Street to provide transit queue jumps since dedicated lanes will be part of a future build.

#### ALEXANDRIA TRANSIT COMPANY

Honorable Mayor Wilson and Members of City Council City Hall 301 King Street Alexandria, VA 22314

June 12, 2024

#### Re: Endorsement of the Duke Street Transitway project recommendations

Dear Mayor Wilson and Members of City Council:

On behalf of the Alexandria Transit Company (ATC) Board of Directors, I am expressing strong support for the City of Alexandria's proposed design treatments for the *Duke Street Transitway* project. More specifically, we support the conversion of the two-way Duke Street Service Road to one-way, implement intersection improvements at Cambridge Road, and complete upgrades to North Quaker Lane. These improvements will greatly benefit bus operations and safety for pedestrians and road users alike and support our strategic goals of system excellence, customer service, safety, efficiency, and environmental stewardship. We see these critical upgrades as significant improvements to existing conditions which currently present challenges for traffic and safety at these locations.

Critical to the success of our service delivery is having high quality infrastructure that supports multimodal mobility. As a transit operator, we hear from our customers daily and can attest to their expressed
needs and concerns. Residents and employees who traverse the Duke St. corridor seek more efficient and
reliable bus service, improved amenities at bus stops, and safer "last-mile" connections between their
residences and/or places of work and the transit stops that serve these locations. While the current
infrastructure serves local needs, these improvements will help us shorten bus headways while
simultaneously improving passenger comfort and safety while accessing the bus stations themselves. This
project will also address existing conflict points where we have observed challenges with hazardous street
crossings, bottlenecking, traffic accidents, and pedestrian injuries. Not only will this project improve
safety, but also reduce stress levels for users of the transitway and help contribute to a more positive
experience for our bus operators and passengers, hopefully contributing to continued growth in ridership.

Thank you for your consideration of our input on this important project. We look forward to working with the City to help realize the full implementation of the *Duke Street in Motion* project. We wholeheartedly feel that the proposed treatments will help ensure that the Duke Street Transitway aligns with the AMP goals of making transit easier to use, 'greener', and more efficient.

Sincerely,

David Kaplan, ATC Board of Directors, Chair

#### **ALEXANDRIA TRANSIT COMPANY**

Chair James Lewis and Members of the Traffic & Parking Board City of Alexandria 301 King Street Alexandria, VA 22314

June 12, 2024

Dear Chair Lewis and Members of the Traffic and Parking Board:

On behalf of the Alexandria Transit Company (ATC) Board of Directors, I am expressing strong support for the City's South Pickett Street Corridor Improvements project. We believe this project will enhance safety and access for DASH bus riders along South Pickett Street by making it easier to access bus stops and reducing the potential for collisions along the corridor. It is also an important step for maximizing the effectiveness of the Duke Street Transitway by making it easier, safer, and more comfortable for people to access useful, frequent, all-day transit, supporting the goals of the adopted Alexandria Transit Vision

Today, South Pickett Street is served by DASH line 32. There are few crosswalks along the corridor, which forces riders to make risky crossings across four undivided lanes to access the bus. This is not the experience we want for our riders. Reducing the number of lanes, providing median refuge islands, slowing vehicle speeds, and providing protected bicycle lanes as proposed by City staff would dramatically improve safety for people riding the bus. In the longer term, this would also benefit riders by reducing barriers for people to access the Duke Street Transitway. South Pickett Street is home to several high-density multifamily residential communities that are within a ½ mile of Duke Street, and facilitating access to fast, frequent transit service helps increase potential ridership and promote livability and sustainability in Alexandria.

The ATC Board of Directors strongly endorses the South Pickett Street Corridor Improvements Project and urges the Traffic & Parking Board to recommend approval of the staff recommendation.

Thank you for your consideration.

Sincerely,

David Kaplan, ATC Board of Directors, Chair

#### **ALEXANDRIA TRANSIT COMPANY**

Honorable Mayor Wilson and Members of City Council City Hall 301 King Street Alexandria, VA 22314

June 12, 2024

Re: Endorsement of a Safe Streets & Roads for All Grant for the Eisenhower Avenue Transportation Improvements Project

Dear Mayor Wilson and Members of City Council:

On behalf of the Alexandria Transit Company (ATC) Board of Directors, I am expressing strong support for the City's Eisenhower Avenue Transportation Improvements Project. This project supports the adopted Alexandria Transit Vision Plan by significantly enhancing safety and access for DASH bus riders along Eisenhower Avenue.

Eisenhower Avenue is served by DASH line 32, which today provides service every 30 minutes during peak hours, and every 1 hour during non-peak hours. However, this route is planned to operate more frequently in the future, providing service every 15 minutes during peak and off-peak periods. There are few crosswalks along the corridor, which forces riders to make risky crossings across as many as five undivided lanes to access the bus. This is antithetical to the City's vision that transit be safe, convenient, and accessible. Redesigning the roadway to improve safety for all users will improve the DASH rider experience and entice more people to choose sustainable modes of transportation, like taking transit. This project aligns with the City's adopted Alexandria Mobility Plan, Alexandria Transit Vision Plan, and Eisenhower West Small Area Plan, all of which envision a safer, more multimodal, livable future for Eisenhower Avenue.

The ATC Board of Directors strongly endorses the Eisenhower Avenue Transportation Improvements Project and urges City Council to approve staff's request for grant funding to support future improvements to the Eisenhower Avenue corridor.

Thank you for your consideration.

Sincerely,

David Kaplan, ATC Board of Directors, Chair

703.746.3274

#### **ALEXANDRIA TRANSIT COMPANY**

Chair James Lewis and Members of the Traffic & Parking Board City of Alexandria 301 King Street Alexandria, VA 22314

June 12, 2024

#### Re: Endorsement of the Eisenhower Avenue Transportation Improvements Project

Dear Chair Lewis and Members of the Traffic and Parking Board:

On behalf of the Alexandria Transit Company (ATC) Board of Directors, I am expressing strong support for the City's Eisenhower Avenue Transportation Improvements Project. This project supports the adopted Alexandria Transit Vision Plan by significantly enhancing safety and access for DASH bus riders along Eisenhower Avenue.

Eisenhower Avenue is served by DASH line 32, which today provides service every 30 minutes during peak hours, and every 1 hour during non-peak hours. However, this route is planned to operate more frequently in the future, providing service every 15 minutes during peak and off-peak periods. There are few crosswalks along the corridor, which forces riders to make risky crossings across as many as five undivided lanes to access the bus. This is antithetical to the City's vision that transit be safe, convenient, and accessible.

Reducing the number of general-purpose lanes, providing median refuge islands, slowing vehicle speeds, and providing protected bicycle lanes as proposed by City staff would dramatically improve safety for people accessing the bus on Eisenhower Avenue and entice more people to choose sustainable modes of transportation, like taking transit. This project aligns with the City's adopted Alexandria Mobility Plan, Alexandria Transit Vision Plan, and Eisenhower West Small Area Plan, all of which envision a safer, more multimodal, livable future for Eisenhower Avenue.

The ATC Board of Directors strongly endorses the Eisenhower Avenue Transportation Improvements Project and urges the Traffic & Parking Board to recommend approval of the staff recommendation.

Thank you for your consideration.

Sincerely,

David Kaplan, ATC Board of Directors, Chair

**Item Title:** Ridership Update

**Contact:** Josh Baker, General Manager

**Board Action:** FYI

Item #: 4b

**Item Title:** Transit Management Services Contract Extension

**Contact:** Josh Baker, General Manager **Board Action:** Consideration of Approval

Work is ongoing to establish the new Transit Management Services Advisory Contract however due to the various layers of review required a new timeline has been approved by the committee.

The Board is asked to approve a short-term extension of the current contract to allow sufficient time to draft the new agreement.

#### The revised timeline is as follows:

June 2024 – Contract Extension Approval
July 2024 – August 2024 – New Contract drafted
September 2024 – Board considers approval of new Contract
October 1, 2024 – New Contract effective date

#### CONTRACT EXTENSION AND AMENDMENT AGREEMENT

This CONTRACT EXTENSION AND AMENDMENT AGREEMENT (the "Second Amendment") is dated as of June 12, 2024, (the "Effective Date"), by and between the Alexandria Transit Company, a Virginia corporation ("ATC") and First Transit, Inc., a Delaware corporation ("First Transit," and collectively, the "Parties").

WHEREAS the Parties entered into an Amended and Restated Transit Management Services Agreement on December 2, 2019 (the "Agreement"); and

WHEREAS the Parties entered into a Contract Extension and Amendment Agreement to run from July 1, 2023 through June 30, 2024 (the "Extension Term"); and

WHEREAS, the Parties desire to extend the Agreement further;

NOW THEREFORE, in consideration of the mutual covenants contained herein, ATC and First Transit mutually covenant and agree as follows:

 Term. The term of the Agreement shall be extended from June 30, 2024 to the new expiration date of September 30, 2024.

Except as amended herein, all other terms and conditions of the Agreement shall remain in full force and effect.

IN WITNESS WHEREOF, the Parties hereto have executed this Amendment the day and year first written above.

FY 2025 Budget

Contact:

Josh Baker, General Manager

**Board Action:** Consideration of Approval

As presented at the May 8<sup>th</sup> ATC Board Meeting, the General Manager's proposed FY2025 budget is provided for consideration.

#### **General Manager's Proposed Budget**

The General Manager's final proposed budget for FY2025 incorporates the following adjustments from the approved current services budget:

- Service levels for Line 104 are fully restored
- Liability Insurance costs are reduced based on final quotes
- Fringe Benefits reduced across the board based on final renewal quotes from healthcare providers
- Personnel department shifts as "Facilities Maintenance" reorganization now incorporates positions of Facilities Manager and IT personnel (previously under Admin)
- Minor scale adjustments to account for attrition since submission of Current Services
- Adjustments to account for increased Commuter Benefits costs
- Cost savings from insurance and healthcare renewals were redistributed to professional development initiatives, including training and employee recognition, which had seen funding reduced in the past several fiscal years

Board Action: Consideration of Approval

**Item Title:** Collective Bargaining Update, SUN Conference Update

**Contact:** Josh Baker, General Manager

**Board Action:** FYI

The General Manager will provide a brief update on the progress of the Collective Bargaining Process for the Maintenance department at DASH.

Raymond Mui will provide a brief update regarding the forthcoming SUN Conference hosted by DASH August 14-16, 2024.

Item #: 4f

**Item Title:** Resolution for Support for EPA Clean Heavy-Duty Vehicle Program Application

**Contact:** Raymond Mui, Chief Infrastructure & Development Officer

**Board Action:** Consideration of Approval

### **MEMORANDUM**

DATE: June 12, 2024

TO: ATC Board of Directors

FROM: Raymond Mui, Chief Infrastructure and Development Officer

SUBJECT: Board Resolution of Support for EPA Clean Heavy Duty Vehicle Program Application

#### **Item Summary**

DASH is planning to apply for grant funding through the <u>Environmental Protection Agency's (EPA) Clean Heavy-Duty Vehicles Grant Program</u>. This grant would provide up to \$1.59 Million in Federal capital funding for the conversion of up to six (6) planned replacement buses from conventional diesel to battery electric, as well as any associated equipment.

#### **Board Action Requested:**

Staff is requesting the Board adoption of the attached resolution in support of DASH's application for the EPA's Clean Heavy-Duty Vehicles Grant Program.

#### **Project Description:**

The project continues the support of the DASH fleet electrification policy and goals set forth by the ATC Board to convert to a fully Zero Emissions fleet by the year 2037. In FY26, there are seven (7) buses scheduled to be replaced in order to maintain fleet state of good repair (SGR). As it stands, these buses would need to be purchased as majority clean diesel buses due to funding limitations and our requirement to maintain SGR. The proposed project would secure new Federal funding through the EPA CHDV program to enable DASH to purchase up to six (6) of the FY26 replacement buses as Battery Electric buses, expediting our fleet conversion towards zero emissions. We are unable to pursue all seven (7) buses for this program due to insufficient local match funds. This program is only eligible for replacement buses that were already funded.

#### **Grant Funding Request:**

DASH intends to submit for a total project amount of up to \$1.59 Million for the project. This is the maximum amount permissible by the program based on program guidelines and a per-vehicle funding cap, accounting for the possible maximum of six (6) buses.

Eligible activities and costs for the 2024 Clean Heavy-Duty Vehicles grant program include:

• Incremental cost of replacing a non-zero-emission Class 6/7 heavy-duty vehicle with an eligible Class 6/7 zero-emission vehicle. (cap of \$265,000 per vehicle)

#### Fiscal Impact:

The total project capital cost is estimated to be up to \$7.8 Million for the purchase of six (6) battery electric buses. If awarded, the CHDV program would provide a Federal share of \$1.59 Million. The local share is \$6.2M which is identified as FY26 Bus Replacement Funds in the Capital Improvement Program (CIP).

## RESOLUTION TO SUPPORT PROPOSED APPLICATION FOR THE EPA CLEAN HEAVY-DUTY VEHICLES (CHDV) PROGRAM

#### RESOLUTION # 24-06

WHEREAS, the Inflation Reduction Act invests \$1 billion to replace existing non-zeroemission heavy-duty vehicles with zero-emission vehicles, support zero-emission vehicle infrastructure, and to train and develop workers; and

WHEREAS, the purpose of the Clean Heavy-Duty Vehicles Program is to support zeroemission vehicle adoption and deployment by making up to \$932 million in funds available for investments and improvements in zero-emission vehicle refueling infrastructure, workforce development and training, and project implementation costs; and

**WHEREAS**, the Board of Directors of the Alexandria Transit Company (ATC), hereafter referred to as "the Board" supports DASH's application for an allocation of up to \$1,590,000 in Federal Funds through the EPA CHDV Program for DASH; and

**WHEREAS,** if awarded the full Federal amount up to \$1,590,000, DASH and the City of Alexandria commits up to \$6,210,000 in local support in FY 2025 to convert up to 6 replacement buses to Zero Emissions; and

WHEREAS, the Board commits to support the transition of the DASH fleet to 100% zero emissions buses by the year 2037 in support of the City's Eco-City Initiative, Environmental Action Plan 2040, and ATC's Zero Emissions Transition Plan.

### NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF DIRECTORS OF THE ALEXANDRIA TRANSIT COMPANY:

- The Board supports DASH's application for an allocation of up to \$1.59 Million through the Environmental Protection Agency's (EPA) Clean Heavy-Duty Vehicles Grant Program; and
- The Board is fully committed to ensure that all terms and requirements of a resulting grant agreement shall be fully satisfied and complied.

The Alexandria Transit Company certifies that the funds shall be used in accordance with the requirements of Section 58.1-638.A.4 of the Code of Virginia, that the records of receipts of expenditures of funds granted the Alexandria Transit Company may be subject to audit by the Environmental Protection Agency and by the State Auditor of Public Accounts, and that funds granted to the Alexandria Transit Company for defraying the expenses of the Alexandria Transit Company shall be used only for such purposes as authorized in the Code of Virginia. The undersigned duly qualified and acting Chair of the Alexandria Transit Company certifies that the foregoing is a true and correct copy of a Resolution, adopted at a legally convened meeting of the Alexandria Transit Company held on the Twelfth day of June 2024.

Matt Harris, Acting Chair Alexandria Transit Company

ATTEST:

Beth Reveles, Secretary of the Board Alexandria Transit Company 6/12/2024

**Item Title:** Financial Report

**Contact:** Edward Ryder, Director of Finance & Administration

**Board Action:** FYI/Discussion

#### Financial Results Through the Month Ending April 30, 2024

Through April 2024, ATC experienced a year-to-date deficit of (\$17,149) and we are now projecting a balanced budget at year-end.

#### **Items of Note:**

- **Measures to Control Discretionary Spending** have remained in place to ensure a balanced year-end budget. We are evaluating deferred small capital needs and anticipate completing several before year-end.
- Projections remain conservative to hedge against any unforeseen expenses in the final months of the fiscal year.
- Staff remain confident that steps taken to address the deficit projected earlier in the fiscal year have been instrumental in achieving the forecasted balance budget at year-end.
