### Sustainability - December 2024

#### DASH 100% Electric Bus

## 3,697,510

Car Trips Replaced by DASH (Last 12 Months)

# 15,377

Tons of CO2 Emissions Reduced (Last 12 Months)

178,111 Miles Served By 100% Electric Buses (Last 12 Months)

### DASH SUSTAINABILITY | December 2024

9:18 AM

#### Notes:

(1) Number of car trips replaced is based on total DASH ridership and basic assumptions for alternative mode splits and average vehicle occupancies.

(2) CO2 Emissions reductions based on average passenger trip lengths, average miles per gallon, and vehicle emissions data collected from Environmental Protection Agency (EPA) website.
