

# Sustainability - May 2024

## DASH 100% Electric Bus

**3,520,885**

Car Trips Replaced by DASH (Last 12 Months)

**14,642**

Tons of CO2 Emissions Reduced (Last 12 Months)

**195,388**

Miles Served by 100% Electric Buses (Last 12 Months)

## DASH Electric Bus Miles by Month (Last 12 Months)

### Notes:

- (1) Number of car trips replaced is based on total DASH ridership and basic assumptions for alternative mode splits and average vehicle occupancies.
- (2) CO2 Emissions reductions based on average passenger trip lengths, average miles per gallon, and vehicle emissions data collected from Environmental Protection Agency (EPA) website.
