Sustainability – October 2026

DASH 100% Electric Bus

4,631,313
Car Trips Replaced by DASH (Last 12 Months)

19,261
Tons of CO2 Emissions Reduced (Last 12 Months)

81,686
Miles Served By 100% Electric Buses (Last 12 Months)

DASH Electric Bus Miles by Month (Last 12 Months)

DASH SUSTAINABILITY | October 2026 1:27 PM

Notes:

(1) Number of car trips replaced is based on total DASH ridership and basic assumptions for alternative mode splits and average vehicle occupancies.

(2) CO2 Emissions reductions based on average passenger trip lengths, average miles per gallon, and vehicle emissions data collected from Environmental Protection Agency (EPA) website.
