

## DASH 100% Electric Bus

# 3,228,685

Cars Trips Replaced by DASH (Last 12 Months)

# 13,428

Tons of CO2 Emissions Reduced (Last 12 months)

# 234,844

Miles Served By 100% Electric Buses (Last 12 Months)

## DASH Electric Bus Miles by Month (Last 12 Months)

## Notes:

- (1.) Number of car trips replaced is based on total DASH ridership and basic assumptions for alternative mode splits and average vehicle occupancies.
- (2.) CO2 Emissions reductions based on average passenger trip lengths, average miles per gallon, and vehicle emissions data collected from Environmental Protection Agency (EPA) website
