

Sustainability - September 2025

DASH 100% Electric Bus

3,838,969

Car Trips Replaced by DASH (Last 12 Months)

15,965

Tons of CO2 Emissions Reduced (Last 12 Months)

115,448

Miles Served By 100% Electric Buses (Last 12 Months)

DASH Electric Bus Miles by Month (Last 12 Months)

DASH SUSTAINABILITY | September 2025

10:18 AM

Notes:

- (1) Number of car trips replaced is based on total DASH ridership and basic assumptions for alternative mode splits and average vehicle occupancies.
- (2) CO2 Emissions reductions based on average passenger trip lengths, average miles per gallon, and vehicle emissions data collected from Environmental Protection Agency (EPA) website.
